RE: Closeout Report for Building 944 (Tent 14)

Dear Mr. Legare:

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division has reviewed your letter and the Closeout Report for Building 994 (AKA Tent 14), dated November 1, 2004. Although this facility is identified as a Type 1 Facility, we previously agreed that an RLCR was not necessary and that Tent 14 could be disposed utilizing the PRE (property release evaluation) process. Thank you for providing the Closeout Report on this facility for our information.

If you would like to discuss this correspondence please contact me at (303) 692-3367 or David Kruchek at (303) 692-3328.

Sincerely,

Steven H. Gunderson
RFCA Project Coordinator
